

TOWN HALL MEETING: FINDINGS and ISSUES RAISED by ACIA and AHDR

Wednesday, February 8, 2006

6:00 – 8:00 pm

Anchorage Egan Convention Center – Space 1

In conjunction with the
8th annual Alaska Forum on the Environment

Moderators: Carl Hild, UAA and Patricia Cochran, ANSC

Presenters:

Robert W. Corell, Chair ACIA and Sr. Research Fellow, American Meteorological Society

Carl Hild, Associate Director, Institute for Circumpolar Health Studies, University of Alaska Anchorage; Lead Author, Human Health and Well-being, Arctic Human Development Report

This special session will feature a “Town Hall Meeting” to discuss findings and recommendations from the Arctic Climate Impact Assessment (<http://www.acia.uaf.edu/>) and Arctic Human Development Report (<http://www.svs.is/AHDR/>). An overview of each of the reports will begin the discussion followed by an open public dialogue, giving stakeholders, researchers, and others an opportunity to provide feedback to the authors and policy-makers. Similar Town Hall Meetings are being held in other Arctic Nations under the sponsorship of the Northern Research Forum.
